

The 38th Annual
Organic Chemistry Day

Sponsored by

The Dow Chemical Company, The University of Missouri Local Section of the American Chemical Society, and the Departments of Chemistry at the University of Missouri-Columbia, the University of Missouri-St. Louis, Saint Louis University, and Washington University, and Wiley Publishing.

on

Saturday, April 25, 2026

10:00 am Professor Upendra Sharma, University of Missouri-St. Louis

Boron-Based Radical Manifolds for Continuous Flow-Ready Synthesis

11:00 Professor Mohammad Rafiee, University of Missouri-Kansas City

Thin-Layer Electrochemistry for Miniaturized Electrosynthesis and Mechanistic Studies of Redox Reactions

12:00 pm Lunch Break

1:30 Professor Patricia Z. Musacchio, The University at Buffalo

A Redesigned Approach to Accessing Cationic Intermediates

2:30 Professor Jon T. Njardarson, The University of Arizona

Asymmetric Anionic Amino-Cope Chemistry Adventures

3:45-6:00 Poster Session

For further information contact: Professor Michael Harmata, Department of Chemistry, University of Missouri-Columbia, Columbia, MO 65211; Phone: (573) 882-1097; harmatam@missouri.edu
